SEMI - ASSEMBLED FLAT PACK KITCHEN CARCASE

The mark of
responsible forestry

PRODUCT GUIDE

TAKE OUR **2 MINUTE** CHALLENGE ON A SINGLE BASE OR WALL UNIT.

**OUR REVOLUTIONARY CAM, PIN &
DOWEL PRE INSERTION SYSTEM
MORE THAN HALVES THE
ASSEMBLY TIME OF OUR UNITS.**

**NO MORE CRAWLING AROUND
ON THE FLOOR INSERTING
CAMs, PINS & DOWELS.**

- Panels are now packed in assembly order, meaning the unit can now be constructed straight from the box.

KITCHEN CARCASE SPECIFICATION

- FSC® Certified
- Carcases available in 8 Colours.
- All 18mm chipboard except backs for walls and tall units which are 8mm.
- Visible edges lipped in 2mm ABS with jump in and out technology.
- Cams, pins and dowels pre inserted in panels on standard units.
 - Titus T Type soft close hinge as standard.
 - Concealed hanging brackets on wall units.
 - Fully adjustable legs on bases and tall units.
- Supplied flat pack, panels packed in order of assembly so can be assembled straight from box.
 - 3 Drawer ranges on offer.
- Bespoke sizes are generally available as part of a standard order with a cost of £6 per dimension changed plus any additional material costs.

**Ready for collection or delivered to your door within 5 working days.
Delivery costs available on request.**

Check out our website on www.lamtek for more details and technical specification.

KITCHEN & BEDROOM CARCASE MANUFACTURERS

Tel: 01623-759856 Fax: 01623 706963

www.lamtek.co.uk sales@lamtek.co.uk

Lamtek is one of the UK's largest suppliers of flat pack kitchen carcass's. Established in 1989 using a 5,000Sq foot leased factory this family run business now owns two factories covering around 60,000Sq foot of manufacturing space and employs around 80 staff. We supply local and independent retailers as well as national and overseas kitchen distributors with flat packed own brand carcasses from our warehouse in the midlands. Every carcass we produce is made from 18mm UK produced melamine faced chipboard which is Forest Stewardship Council® (FSC®) certified. We know that no two kitchens are the same in terms of size, so our workshop manufactures units to whatever size the customer requires. Plus, our unique approach to stock-holding means that every order no matter how big or small can be fulfilled within 5 working days.

			TLG62	600 TALL LARDER GABLES x 2150mm high
			TOG62MF	600 TALL MULTIFUNCTION OVEN GABLES x 2150mm high

To be used in conjunction with internal pack listed below.

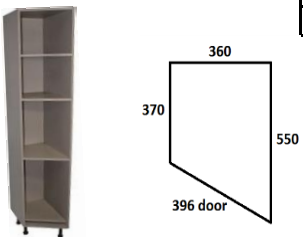

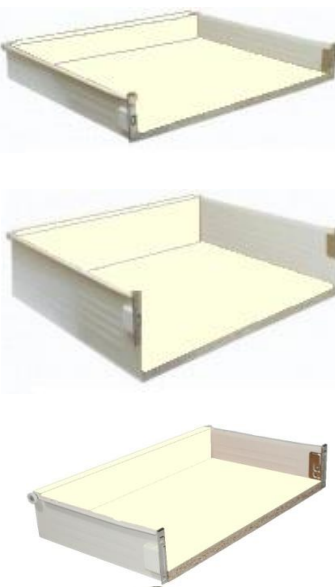

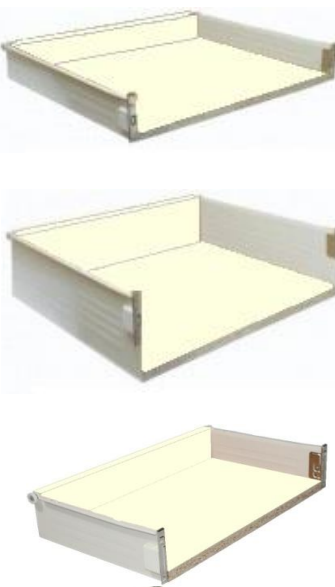

Any gable pack can be ordered with construction drilling only if being used for an open cupboard, a display or if your drilling requirements are quite unique, you can order a Tall Gable unit in the following way: For example a 1970 high x 600 wide Gable pack with construction holes only would be ordered as a TLG60*T/B+G* - In this unit you would get the drilling in the ends for the top panel the bottom panel and a groove in the ends for the back to slide in to. This will then give you the option to drill the ends how you require so shelves can be placed in the relevant places for your customer specification.

	INTERNAL OVEN / LARDER PACKS	
	ILP30	300 INTERNAL LARDER PACK
	ILP40	400 INTERNAL LARDER PACK
	ILP45	450 INTERNAL LARDER PACK
	ILP50	500 INTERNAL LARDER PACK
	IOP60	600 INTERNAL LARDER PACK

Internal to be used with gable pack to complete unit

These consist of 5 fixed shelves and 1 loose shelf as shown in the picture. Plus full set of fittings.

Out of the 5 fixed shelves 1 is for the top panel & 1 is for the bottom.

INTERNAL DRAWER COMPONENTS

To convert standard drawers to internal drawers

	HETDRWFRT	INTERNAL DRAWER FRONT 2 METRE ALUMINIUM PROFILE FOR USE ON STANDARD & PAN DRAWERS
	HATPANRAIL	INTERNAL DRAWER FRONT RAIL FOR PAN DRAWERS SUPPLIED IN 2M STEEL LENGTHS
<p>2 metre Profile to be cut to size End Caps not included and need to be ordered separately</p>		

	HETENDCAP	INTERNAL DRAWER END CAP FOR STANDARD DRAWERS (Pair)
	HETPANENDCAP	INTERNAL DRAWER END CAP FOR PAN DRAWERS (Pair)

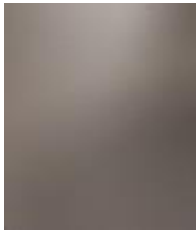

End Caps 1 Pair
To be used in conjunction with internal drawer front

Our standard drawers can be used as internal drawers by using the 3rd runner hole instead of the middle hole.
Minimum internal depth of 494mm required to do this.

If you require any other accessories from the Hettich range not listed here then please contact our sales office and we will provide a quotation.
